№15

to Antonis PAPADOPOULOS  
CIAM President

Federation of Aeronautical Sports of Ukraine is applying to the International Aeronautical Federation FAI asking them not to accept applications for international competitions in the Autonomous Republic of Crimea, which is from March 2014 temporarily occupied territory by Russian Federation troops.

Republic of Crimea is an integral part of Ukraine and no other country has the right to organize and carry out any sporting events on the Ukrainian occupied territory, especially without the permission and consent of the Ukrainian NAC.

We emphasize that Federation of Aeronautical Sports of Ukraine did not give its permission and consent to any competition on the territory of the temporarily occupied Republic of Crimea.

Sincerely yours  
President of Federation of  
Aeronautical Sports of Ukraine

O. Galunenko
