

## NEWS Bulletin No.2      June 2011

Dear Friends and aviation enthusiastic,

We kindly remind you that time is flying and less then 105 days are left to the opening of Micro light World Championship ( WMC ) which will take place in Israel at Ein Yahav LLEY. We would like to draw your attention to the following news & updates :

1. Each competitor has to sign the **liability weaver** and to obtain **Participants insurance confirmation**. The [respective forms](#) are available on the WMC website.
2. The preliminary registration is going on and we kindly ask you to notify us of your intentions as early as possible. A link to the [list of participants](#) is on the website.
3. [Official entries](#) has to start using the official entry form and send it to us, by FAX +972-153-3-5404849 or by Emailing to [Aguda@Lsa.org.il](mailto:Aguda@Lsa.org.il)
4. Those of you who are planning to fly over with your aircraft are requested to notify us **latest by 15<sup>th</sup> of July 2011** in order to enable the organizers to take care of the security clearance ! please do not forget to apply for landing permission as described in "How to get there" section > item #2 "[flying to Israel](#)", at least one month before arrival ! and send a copy for follow up to the liaison person - Yigal merav [yigal@pes-con.com](mailto:yigal@pes-con.com).
5. We ask all participants planning to compete in AL1 class, to notify us **by 17<sup>th</sup> of July** in order to enable the organizers and CIMA to decide about class validation.
6. More lodging possibilities are available and contact details are updated on the website's "[accommodation](#)" section, with links to the respective websites. You are invited to explore the places if you prefer to accommodate in other place than what is offered at the venue air strip. If you choose to do so, please drop us an email .
7. We are negotiating with additional carrier / forwarder / custom agent for the containers service hopefully to provide you with shipping solution at a favorable cost. Look for updates at "How to get there > [Information how to ship your aircraft](#) " section.
8. We offer the participating aircraft the option to hire a new cellular locating device which will enable us easier and faster locating any plane, in case of emergency. The device will be available at a special low price of € 20.00 for the whole period of competition.
