

European Microlight Championships 2006 New Classes

Chozas de Abajo, León, 19 – 26 August

Task 10

Distance with limited fuel

Pilots will take-off with a limited amount of fuel.

PF1: 1.5 Kg PF2: 2 Kg PL1: 1.5 Kg PL2: 4 Kg

Pilots will take off in a free window and will fly to the Start Gate. Then they will fly as far as possible from the start gate.

Fuelling window: 12:30 – 14:00

Take off window: 14:30 – 16:00

Flight restrictions: Fly only to the South-East quadrant with reference to the Start Gate.

Start Gate: Entrance to the airfield (warning: it was previously used as finish gate).

Distance will be measured from start gate to the point of maximum distance from start gate before first landing.

Score:

$$P = 1000 \times D / D_{max}$$
