

II EUROPEAN  
SLALOM  
CHAMPIONSHIP

2016

10<sup>th</sup> TO 19<sup>th</sup> of  
June

BORNOS-CADIZ-ESPAÑA

From Bornos, (Cadiz, Andalucia, Spain) and more specifically from the CAT (tourist activities center) we have the intention to request to FAI for the **II European Slalom Championship 2016** and for that! we want to present this short introduction as a first step.

Naturally! we have the support, help and collaboration of the FEADA (Federación Andaluza de Deportes Aéreos) y RFAE (Real Federación Aeronáutica Española)

We are considering as possible dates for this European Championship 2016 the days from 10th to 19th of June 2016. As competition director we are proposing to D. Ramón López Santiago and as organization director D. Francisco Sánchez (director manager of the tourist activities center CAT)

For this championship we have the facilities already built and in perfect maintenance and use where the CAT work out his everyday activities. We also have a running website and all the information about this center, [www.bornosactivo.com](http://www.bornosactivo.com), here you could find out more information about the CAT and zone.

We already have a permanent slalom circuit of paramotor over the water and here we have organized few championships and where as well many of the best paramotor pilots are doing his training.

In addition it will be a specific web page for the European championship very similar to this [www.paramotorbornos.com/campeonato-andalucia](http://www.paramotorbornos.com/campeonato-andalucia)

We will extend this document with all kinds of information and details to be presented at the international FAI meeting

Are including some pictures with the distribution of the different areas.
