Ref. RASAT 532/2015

4 November 2015

Dear CIMA President,

I am writing to inform you that the Royal Aeronautic Sports Association of Thailand (RASAT) as THA NAC is interested in placing preliminary bids for two category I FAI competitions to be held in Thailand as follows:

1. Asia-Oceania Paramotor Championships 2017
2. World Paramotor Championships 2018

Both events are to be organised at Pasak Jolasid Dam, Lopburi, Thailand. The very large bank area around the dam is ideal to organise world class paramotor events supporting multiple tasks simultaneously. The proposed dates for AOPC 2017 are on 28 April – 7 May 2017 and WPC 2018 on 27 April – 6 May 2018.

Considering our profound experiences in successfully organising FAI category I championships such as AOPC 2013 and ABG 2014 and numerous FAI category II competitions, we believe that we are competent and ready for a bigger event. We do also see a great opportunity to expand our Air Sport to Asia community with these world class competition.

Details of the preparation and our proposals will be given by our THA CIMA delegate, Dr Nayot Kurukitkoson at CIMA Plenary Meeting 2015 in Lausanne.

Sincerely yours,

Group Captain Veerayuth Didyasarin.
President of RASAT, VP of FAI.
