L.dz.233/AP/2021

Warsaw, 26 October 2021 r.

Dear Mr President,
Dear Delegates,

Aeroclub of Poland would like to apply to CIMA FAI Commission to hold World Paramotor Slalom Championships in 2023.

This championship would be another FAI category 1 paramotor competition organised by Aeroclub of Poland, after successful European Paramotor Championships in 2008 and the 2nd World Paramotor Slalom Championships in 2015. We also held the paramotor event within TWG'2017 in Wrocław.

Following a change in the regulations for paramotor slalom competitions, Aeroclub of Poland conducted three editions of the Polish Open Paramotor Slalom Championships in 2019-21, reported to CIMA FAI as a category 2 competition as the WLC event. Over 100 competitors from 11 countries took part in these championships. Aeroclub of Poland has experienced staff and specialised equipment to conduct such competitions.

Upon acceptance of the preliminary bid, Aeroclub of Poland will supply the complete presentation, task catalogue and local regulations in due time to CIMA FAI Office.

with kind regards
