FUTURE

Paramotor Subcommittee decided to introduce subcategories in WLC:

- best in **navigation** tasks
- best in **economy** tasks
- best in **precision** tasks
- best in **slaloms**

WLC Working Group will amend WLC rules to include above mentioned subcategories.

PLEASE PROMOTE

World League Cup is the idea which has only positive outcomes:

- international ranking
- sport event promotion
- pilot friendship
- creates small but still no nonsense revenue for CIMA (€50/event)

Every year there are about 300 competition held within a similar format within CIVL. Lets follow that good model, and **promote World League Cup!**
